

Defining glass recyclers

Within the glass recycling value chain, there are different levels of recyclers who interact with the company and with each other in various ways. Within the context of the BanQu platform, we have defined 3 levels of glass recyclers.

Level 1 Definition

- Must be a registered vendor with Ardagh Glass Packaging (AGP).
- Buys glass from Level 2 and Level 3 recyclers.
- Delivers truckloads of recycled glass to AGP.
- Outside Gauteng and Cape Peninsula regions, must supply a minimum of 30 tons per load per month to AGP.
- Within Gauteng or Cape Peninsula, recyclers can deliver smaller loads of minimum 5 tons per load and at least 2 loads per month = total of 10 tons per month is minimum.

Registration

- ✔ Will receive application pack to register with AGP and will be loaded on BanQu automatically.
- ✔ BanQu will send supplier a link to register on the platform.
- ✔ Supplier must accept invitation to transact on BanQu.

Subsidies/Incentives

- Volume incentive
- Transport subsidy

See document on 'Subsidies and Incentives' for more information.
