

## money4glass How does it work?

Ardagh Glass Packaging is using new technology to drive growth in glass recycling.

The easy-to-use, web-based BanQu platform will make the processes in the glass recycling value chain more transparent, efficient and equitable.

Seller is registered but not connected to buyer: If buyer and seller have not transacted on BanQu before, buyer needs to send SMS to seller via BanQu to connect for transactions.

8

PAYMENT RECEIVED

Cashless payment – seller receives SMS notification of payment into kasiCASH account.

**SUBMIT** 

**Buyer submits** 

transaction.

Seller receives notification of transaction via SMS (can raise query if not satisfied).
